

**Motortec Chile 2024 is to be the largest aftermarket in a third edition with great new features and an unprecedented set up.**

**The third edition of the event will be held at the Espacio Riesco Conference and Event Centre in Santiago de Chile, from 27 to 29 June 2024.**

**Madrid, 21 December 2023.- Motortec Chile** will occupy more than **10,000 square metres** and have more than **150 international brands present, consolidating its position as a platform for generating trade links between buyers and sellers**, but also as a space to see the innovation, solutions, knowledge and **experience of national and foreign companies**.

"We are going to reach a new milestone in the automotive aftermarket industry with an important space for meetings between companies, brand representatives, products and of course high-end vehicle models," highlights **Katherine Becker, director of Motortec Chile**, which is to take place from **27 to 29 June 2024**, at the **Espacio Riesco Conference and Event Centre**.

**Motortec Chile** is committed to **two key pillars** in this new edition: **diversity and the environment**. For this reason, its mission is to **create an inclusive space celebrating the wide range of opportunities** in the industry through conversations with protagonists themselves sharing their experiences. It also seeks to **drive a path towards a greener and more sustainable future**, with initiatives led by leading companies and individuals in the automotive industry.

In addition, a new area will include the main exponents of the components, spare parts and accessories, equipment and services for the automotive sector in Chile, a unique opportunity for some motor brands seeking to position themselves as a great alternative in sport and performance.
