

Macro launch of Metalcaucho with a mix of almost 800 new spare parts

Launching February 2021

141 brake hoses

45 engine mountings

36 door spare parts

12 wiper jets

New family: truck spare parts

787 NEW PART NUMBERS

Metalcaucho's entry into truck parts, 141 new brake hoses, and the presentation of new family of wiper jets stand out

February 17, 2021 - [Metalcaucho](https://www.metalcaucho.com), european leading supplier of aftermarket spare parts in rubber and metal for the automotive sector, presents a very extensive and varied release. **787 novelties that continue to grow our portfolio, already exceeding 22,000 spare parts.**

While last month's launch was focused on two unique families, exponentially growing the rear wiper offer and presenting a new technical bet such as [air suspension](#), this February the proposal is very varied. Up to **30 different families** make up a **mix of parts** in which a large number of radiator hoses, turbo hoses, silentblocks, engine mountinhs, and brake hoses stand out. [Metalcaucho presents the 787 spare parts in a new pdf catalog.](#)

In addition, it enters a **new business line presenting 213 spare parts for heavy vehicles**. This represents a further step in the rubber and metal sector, also offering spare parts for trucks, buses and even tractors.

Metalcaucho already had 215 brake hoses, which, together with the 141 new products it is now presenting, makes a total of **356 brake hoses**. Another of the ranges that continues to grow are **spare parts and accessories for doors**, which includes roller guides, handles, latches, coverings and locks. 36 new items of this type are included in the launch.

PRESS RELEASE

It's clear that the commitment to the [wiper range](#) is steady, as in addition to the 285 rear wipers in the catalog, now adds 40 **tanks** and presents a new family, the **wiper jets**, which comes with 12 sprayers. Metalcaucho continues to offer new solutions.

These are the most prominent families in the February release:

- 200 Radiator hoses
- 141 Brake hoses
- 84 Silentblocks
- 78 Turbo hoses
- 45 Engine mounts
- 40 Wiper tanks
- 36 Door spare parts
- 22 Expansion tanks
- 20 Shock absorber mounts
- 12 Wiper jets

About Metalcaucho (MC)

Metalcaucho is a leading company in Europe in the supply of spare parts after-sales in rubber and metal for the automotive sector. Founded in 1987 and headquartered in Barcelona, Metalcaucho has an extensive range of spare parts of more than 22,000 part numbers. In order to maintain its international leadership, the company is committed to constant innovation by supplying high quality products with a reliability equivalent to official pieces at a more competitive price and a high level of service. The company is owned by BBB Industries, the industry's leading American remanufacturing company.
