

## Alfa e-Parts once again launches new products and now has more than 6,500-part numbers in its catalog

**Launching November 2024**

Locks

EGR valves

Throttle bodies

Control units

# 149 PART NUMBERS

### The actuator (109) and thermostat (14) families stand out

**Barcelona (Spain), November 19, 2024** - [Alfa e-Parts](#), a [BBB Industries](#) (BBB) brand, takes a new leap in its catalog and now exceeds 6,500 part numbers. After almost a year without releases, Alfa e-Parts is once again presenting new products to the market in 7 families and 8 different subfamilies. The most outstanding product family is actuators, especially 59 throttle bodies (almost doubling those already in their offer) and 33 EGR valves (reaching 248-part numbers in their catalog).

Other families that stand out from the rest are thermostats, one of the most representative of the brand, and locks, one of the most demanded. Also noteworthy for their value are control units for xenon lights and for ignition systems.

### Featured product families in the Alfa e-Parts November 2024 release:

Staying true to the brand's commitment to covering customer needs, Alfa e-Parts introduces the following products:

- Throttle bodies – 59-part numbers
