INTRODUCTION

Ce catalogue a pour but d'améliorer la productivité au niveau de la recherche de pièces. Les pièces sont associées : étrier gauche, étrier droit, les plaquettes, les témoins d'usure, les disques de frein et éventuellement les flasques de frein de parking sur la même ligne.

On peut également rechercher les plaquettes de frein par la largeur et la hauteur ; les étriers par le type, le nombre de piston et le diamètre.

On peut bien entendu faire une recherche par modèle de véhicule et également par la référence d'origine du constructeur.

Ce nouveau catalogue intègre les illustrations des mâchoires de frein de parking et une traduction en 4 langues (Anglais, Allemand, Italien et Espagnol).

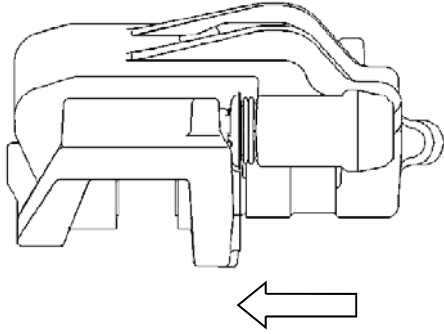

This catalog is designed to improve productivity at the research of the spare parts. Parts are linked: left caliper, right caliper, brake pads, wears indicators, brake discs and eventually the parking brake on the same line.

Pads search can also be done through width and height; caliper by type, number and diameter of the piston.

Of course, search can be proceeded by car model and also by with OEM part number.

This new catalog includes drawings of the parking brake shoes and a translation in 4 languages (English, German, Italian and Spanish).

Identification des étriers Gauche et Droit Identification calipers Left and Right

Un étrier de frein peut-être un gauche sur certains véhicules et un droit sur d'autres.
La vis de purge (en rouge dans le croquis) doit toujours se trouver vers le haut du frein. Quand l'étrier est positionné sur le devant du disque, l'étrier en exemple est un gauche. Quand il est positionné derrière le disque cela devient un droit. On regarde toujours un étrier trous de fixation (2 trous rouge) vers soi dans la position du croquis.

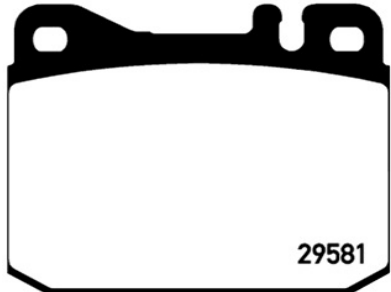

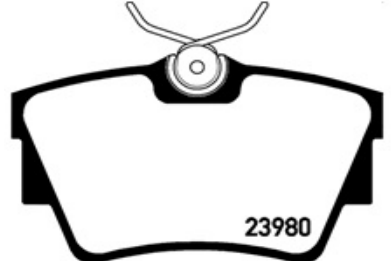

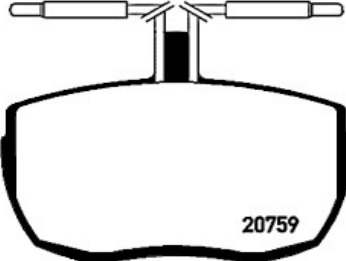

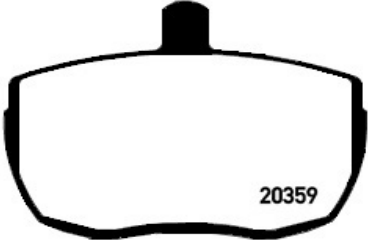

A caliper can be left on some vehicles and a right on others.

The bleed screw (red in the diagram) must always be towards the top of the brake. When the caliper is positioned on the front of the disk, the caliper is a left example. When it is positioned behind the disk it becomes a right. It always looks a caliper mounting holes (two red holes) to itself in the position of drawing.

 Après ouverture du catalogue, veuillez taper les touches de votre clavier (**Ctrl+F**), une case va s'ouvrir (en vert) taper par exemple B90, appuyer sur entrée, vous remarquerez que vous arrivez sur les applications pour B90, appuyer sur entrée vous irez aux étriers pour le B90 et vous continuez cette procédure afin de trouver le restant des pièces pour le B90. Vous pouvez également effectuer une recherche d'un numéro OES exemple: Veuillez taper les touches de votre clavier (**Ctrl+F**), écrivez 42471111 puis entrée vous arriverez directement à la référence 08.5952.10 Après avoir trouvé la référence 08.5952.10, vous pouvez la copier en la sur brillant puis (**Ctrl+C**) et téléchargez le tarif général puis (**Ctrl+F**) et (**Ctrl+V**) pour coller, puis entrée, vous trouverez alors le prix et le code de remise du produit dans ce cas c'est VUL.
