

Press Release

EUROPART, THE LEADING HEAVY DUTY DISTRIBUTOR IN EUROPE, JOINS THE EXPANDING NEXUS HD COMMUNITY

EUROPART, the leading Heavy Duty parts distributor in Europe, will join the NEXUS HD Community as from the 1st of January 2022.

A highly significant addition to the global alliance's HD network, the Germany-headquartered company has more than 300 sales outlets in 27 countries.

The recruitment of EUROPART follows a rigorous and structured strategy to further develop **NEXUS**'s HD business and consolidates its presence in the Germany market, with the previously announced new **N!** HD Member KFZ24.

NEXUS has worked intensively over the past year to strengthen its Heavy Duty network. Important new members have joined from China (Jiangsu Chiata Foton Co. Ltd), Belgium (Sanders Parts), Russia (LLC "ETS" and "Kama Avto"), Bulgaria (Medina Med), South Africa (Afinta Part) and Central Asia (K2).

The **N**! Suppliers portfolio has also seen important growth with the entrance of PE Automotive, Stabilus, Metelli Group, Hazet, Mobil1 and Moove.

Janusz Zielinski, **N**! Global Heavy Duty Director, said: "In addition to the extensive effort to welcome new members and distributors, we also worked to provide more services and support to the whole Community. We organized many different HD and off-highway training events and developed new product lines within the **N**! **DR**!**VE**+ private brand, along with other **NEXUS** projects to better support our members and suppliers in their Heavy Duty business."

Gael Escribe, CEO of **NEXUS** said: "The Heavy Duty business is growing well and becoming an increasingly important pillar for **NEXUS**. Our portfolio of distributors and suppliers is rich in entrepreneurial and dynamic companies, who bring innovative solutions to our Community and offer expertise and knowledge to further develop the market and shape the future of the HD aftermarket."

About EUROPART:

Present in the market for more than 70 years, EUROPART is a leading partner for commercial vehicle workshops and operators of truck, trailer, van and bus fleets in Europe.

Its European network includes more than 300 sales stores in 27 countries, providing a fast and reliable delivery service and comprehensive product range of more than 400,000 parts. Moreover, EUROPART customers benefit from the high quality of its own-brand EUROPART Premium Parts, with 7,500 parts available.
