NEXUS Automotive International welcomes AMERIGO International and strengthens its presence in emerging markets

Geneva, June 24, 2025 – NEXUS Automotive International announces a key strategic milestone in its global development by welcoming AMERIGO International into its community. This move reinforces NEXUS' footprint across high-potential emerging markets, particularly in Africa.

The integration of AMERIGO International, alongside IAMAGA—NEXUS' regional structure for Africa—strengthens NEXUS' network and extends its reach across high-potential markets. This move further enhances NEXUS' footprint, reinforcing its position as the undisputed leader on the continent.

AMERIGO International, created in 2018, is a business services network that connects global suppliers with independent distributors in over 30 countries. It currently federates more than 50 members and 35 supplier partners, for a global sell-out volume exceeding €1.5 billion annually.

The existing agreements between AMERIGO International and its suppliers will remain fully valid and will continue to be pursued in line with their initial geographical scope.

This cooperation will also strengthen service pooling efforts within our industry and foster the development of each party's strategic initiatives—both on a transactional level and in terms of innovation.

The focus on emerging markets has always been part of NEXUS' DNA. As a pioneer in high-growth regions, NEXUS continues to lead the way in unlocking the potential of these dynamic markets.

Gaël Escribe, CEO of NEXUS Automotive International said: "This move is part of a broader strategic dynamic to build a true NEXUS ecosystem. This alliance marks a new era in the world of ITGs, at a time when agility, innovation, and unity are more essential than ever—especially as the automotive industry undergoes deep transformation."

Sylvain Abergel, Chairman of AMERIGO International said: "Through this partnership with NEXUS, we are proud to offer our members and suppliers a strong opportunity for growth, built on a win-win mindset. AMERIGO International, as an international trade services company, will retain its DNA while benefiting from IAMAGA's knowledge and structure in Africa."
