

 **TechScaN'R** 

# TechScaN'R

## THE CONNECTED TOOL ESSENTIAL FOR THE MECHANICS

### An app for repairers

Easy to use and 100% free, the TechScaN'R application is the ideal solution for finding the right part and the associated assembly good practices. Directly access all our data: TechInfos, technical diagrams, assembly instructions.

Assembly tutorial videos, high definition pictures of products, assembly or maintenance instructions from manufacturers, vehicle applications for all references... everything is there!

What's new in version 4? Access all this information by entering the French license plate or the European VIN code.
